CERTIFICATE OF MAILING

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450, on February 4, 2004.

Name:

John R. Hoffman

I. Undersigned counsel hereby states that the entire delay from counsel's receipt of the Filing Receipt to counsel's receipt of the Notice of Abandonment (copy attached) was unintentional. The Notice to File Missing Parts ("Notice") was stapled to the Filing Receipt and undersigned counsel, nor his secretary, realized the attachment.

It would be a considerable injustice if this application remained abandoned, because the missing parts simply relate to inadequate margins on the drawing sheets, a correction often required by Examiners prior to paying an application's issue fee, rather than attachment to the Filing Receipt.

In addition, to emphasize that the delay clearly has been unintentional, Applicants have a co-pending and live Design application Serial No. 29/168,272 corresponding to this mechanical application. Applicants certainly have no intent whatsoever to abandon this application.

II. Being filed herewith is a copy of the Notice and substitute drawings with appropriate margins.

III. The PTO petition fee of \$665.00 is being forwarded herewith.

IV. It is not believed that a terminal disclaimer is necessary since the patent on this application will run from the filing date, regardless of these intervening events.

PATENT

Undersigned couns I hereby certifies the ab ve facts to be true.

Respectfully submitted,

By John R. Hoffman
